

RPB® T200™ RESPIRATOR

Protection designed for movement.

The RPB T200 supports true freedom of movement in your application, allowing you to navigate your surroundings without any restrictions. Designed for function, comfort and durability, the T200 ensures your protection so you can focus on the job at hand.

Made for customization, the T200's head harness features multiple adjustment points, allowing you to change the fitting to suit the contours and shape of your head. Through the secure fit and streamlined framework, the T200 maximizes stability, relieving you of aches and strains on your neck and the effects of fatigue.

With the large clear visor, experience an uncompromised field of view, allowing for greater precision and accuracy with your work. The T200 also features an adjustable lens and air duct positioning to accommodate for different facial features and the use of prescription lens glasses.

Get more out of your role with respiratory protection that supports, not restricts you. Experience more with RPB.

The T200 offers superior protection in all key areas:

Respiratory

Eye

Face/Neck

Protecting you for life's best moments.

Features & Benefits

Moveable lens and airduct positioning to accommodate for different facial features and optical aids. ■

Large viewing window for exceptional downward and peripheral vision allowing for both verbal and non-verbal communication. ■

Optional peel-off lenses are available to protect visor lens and to quickly clear your field of view.

All parts can be purchased individually for ease of maintenance and servicing.

Soft inner neck seal for extra comfort. ■

DuPont™ Tychem® 2000 available in face seal, medium and full length hood options. Full length hood also available in DuPont™ Tychem® 4000. ■

Full length hoods have tuck-in double bib system to allow one to be tucked in for extra protection.

Protecting you for life's best moments.

■ Deconable head suspension system and disposable hood.

■ Customizable head suspension system includes an adjustable ratchet at the back and over-the-head straps to allow for a secure, individualized fit.

Shown without cape for marketing purposes only >>

■ Breathing tube easily attaches to respirator and swivels to eliminate tangles. Centralized location ensures even weight distribution. Tychem® breathing tube cover available to increase its life and to make cleaning easier.

WARNING PRODUCT SELECTION

- 1. Determine what type of protection is required for your activity.** As applicable, check your workplace safety program, respiratory protection program, and standards and regulations for your activity or industry.
 - 2. Check product specifications.** Contact RPB® or check the product instruction manual (downloadable from rpbsafety.com) for complete specifications, including approvals, standards, and regulations to which the product conforms.
 - 3. Make sure you have a complete system.** Verify that you have or are purchasing all required components. System requirements are available from RPB® or in product instruction manuals.
- Selecting inappropriate or incomplete equipment, including the use of counterfeit or non-RPB® parts, can result in inadequate protection and will void the NIOSH approval of the entire respirator.**
